Nicole

Everyone will be moving into the office shortly. Can you perform these functions at the desk in the office now?

Hey Dan thanks for forwarding this for me.

Hi Julie,

I didn't realize that this was going to be such a project. However, it would be a huge help in getting out data packages, checking court realted email (summons, ADA correspondence), micromedex searches.

Thanks,
Nicole

Good morning Julie. Wow is the blue grid in the background of this email annoying! Anywho, Mike Normand came up to move that computer to Nicole's "mobile bench", discovered there was no available data port for it, and said he'd have to get a quote and then see if someone would pay for it. Is this a realistic possibility? Thanks!
